New Religious Association To Be Organized Today

An open meeting to organize the Student Christian association and inform students of its purpose will be at 4:10 this afternoon in the Copper room.

The new group will succeed the Protestant Christian association, which was organized last spring. The new association will be organized on a membership basis.

A constitution adopted by the cabinet of PCA will be presented. Committee resolutions for putting the constitution into effect will be read, and the benefits of such a religious group will be discussed.

This latest step in the organization of campus Christian activities brings MSU up to the level of most campuses across the country. The new organization will be nationally affiliated with the Student Christian movement, including YMCA's, YWCA's, SCA's, and denominational youth groups under the United Student Christian council.

Promote Understanding

The purpose of SCA is to promote Christian understanding and application of Christian principles through study and discussion groups, association meetings, commissions of study in various areas,

Roundup Over At Moiese, Elk Study Set

The first successful elk and deer roundup for experimental purposes in connection with work of the federal and state wildlife research unit at MSU has been completed.

Flathead Indians, college students, jeeps, trucks, and walkie-talkies were used in the roundup. Approximately 50 elk and 125 deer were gathered. The elk will be used as the basis for a study in herd management by the wildlife research unit in cooperation with the federal government. The deer have been transplanted to reservation areas.

Conducted at Moiese

The roundup was conducted on the Moiese bison range, a unit of the U. S. Wildlife refuge. John E. Schwartz, superintendent, said all of the elk will be kept in an enclosure at the range pending removal of part of them to the Boyd experimental ranch north of Missoula.

Dr. E. L. Cheatum, head of the wildlife research unit and associate professor of zoology, Dr. Philip L. Wright, associate professor of zoology, and Melvin S. Morris, professor of forestry, will begin a complete study of forage and nutritional habit and reproduction cycles of the animals.

First Long Experiment

Dr. Cheatum said this will be the first time long-range experiments of this nature will have been carried out and that up to five years may be required before comprehensive reports can be made. The studies being conducted in Montana are of basic character and should have value to elk management anywhere in the United States, he said.

The reproduction studies on elk will be carried on at the bison range, and the forage and nutritional studies at the Boyd ranch. Outdoorsmen and wildlife technicians have been divided on the question of elk reproduction, and the outcome of the study may be a big factor in determining hunting seasons for bulls, Dr. Cheatum said.

promotion of student worship services, and interdenominational meetings. Other programs are adopted by local groups where a need for study or action in specific areas is seen.

SCA will act as a channel for promotion of various summer camps and work projects, both here and abroad. It is now seeking delegates to attend the regional 'Y' and SCA camp at Seabeck, near Seattle, June 10-17. A large number of foreign work projects and denominational and inter-denominational camps in this country are still open for the coming summer.

Topics Discussed

Some topics which probably will be discussed include election of officers, membership drives, organization of committees, and plans for programs next year.

Copies of the constitution are available in the School of Religion office. All students interested may pick one up there.

Aber Schedule

6:30—Bell ringing, heralding of Aber day.

7:30—Clean-up 'till noon.

12:00—Lunch.

1:00—Greased pole contest back of health center. Followed immediately by dedication of APO building markers in front of Main hall.

1:30—Greased pig contest in oval.

1:45—Sack race.

2:00—Three-legged race.

2:15—Tug-o-war.

2:30—Pie-eating contest.

2:45—Flour scramble.

3:00—Softball game at Clover bowl.

4:00—High court on library steps (weather permitting).

5:30—Barbecue.

7:30—Aber day dance in Men's gym.

Convo to Hear Experienced Editor, Writer

Edward Rosenheim, University of Chicago humanities professor, will evaluate the function of the writer in the American society at a convocation tomorrow morning in the Student Union auditorium. The program begins at 9:40.

A thorough academic background in contemporary literature and a varied writing experience qualifies Rosenheim to give the address which is the last of the Minnesota convo program scheduled this year. All morning classes will be shortened according to the usual schedule.

While he was an undergraduate at the University of Chicago, Rosenheim was editor of "Pulse," campus monthly. He has handled publicity and promotion for several industrial, religious, and entertainment enterprises.

Rosenheim has worked on the editorial staffs of several publications, among them being "Spire," a Protestant journal. He has published criticisms and literary studies in such publications as "Poetry," "A Magazine of Verse," and "Common Cause."

Currently, the speaker is working on "The Satiric Method of Jonathan Swift." He also has written a study of Themiseul Saint-Hyacinthe, the 18th century French satirist. He is a candidate for a Ph.D. degree at the University of Chicago this year.

Rosenheim's appearance will be the final address in the series, "The Arts in Our Industrial World," which has been presented at MSU this year through the cooperation of the University of Minnesota concert and lecture service.

Smith Leaves For Georgia

Theodore H. Smith, dean and professor of the business administration school will leave next week for Savannah, Ga., to attend the 33rd annual meeting of the American Association of Collegiate Schools of Business, April 26 to 30.

Dean Smith will also attend the national Chamber of Commerce meeting, April 30 to May 2, in Washington, D. C.

The dean's conference at Savannah will include discussions on problems resulting from national emergencies that confront deans of business schools.

There are over 400 collegiate schools of business. Of the 62 in the association, 54 are full members and eight, including MSU, are associate members.

MEET THIS AFTERNOON

All members of the variety show to be presented late in May are urged to be at a meeting this afternoon at 4:30 in Simpkins Little theater. Nancy Fields should be notified if it is impossible to attend.

Students Aid in Excavation Of Prehistoric Skeleton

About three-fourths of the mastodon skeleton recently discovered in a gravel pit near Deer Lodge has been brought to MSU. Removal of the remaining portion from the pit will be delayed until a 30 foot layer of gravel can be removed from above it.

The bones are very fragile, and because of this the job of assembling the skeleton will be delicate, Dr. Kenneth P. McLaughlin, associate professor of geology, said.

The lower jaw, teeth, and tusks, however, are being assembled by Richard L. Konizeski, curator of the Walker museum at the University of Chicago, for an exhibit scheduled to open soon.

Died in Stream

Geologists who viewed the skeleton believe it is the remains of an old animal caught in the soft mud on the edge of a prehistoric stream. There it either died or was killed. After death the body rolled over on its side with its hind quarters in the main current of the stream. This resulted in

the hind quarters of the skeleton being moved downstream from the main part of the body. They believe, however, that the skeleton could not have been moved very far because many of the ribs and other joints are still together.

Among the bones of the skeleton, the skull of another mammal was found, but unfortunately vandals broke into the house trailer where it was stored and destroyed part of it, Dr. McLaughlin said. This will probably make identification of the animal impossible, he said.

Geology Students Help

Mr. Konizeski supervised the excavation. He was assisted by the following geology students: William Melton, Lewistown; Dave Barrett, Choteau; Clay Peters, Greensburg, Pa.; Robert Fischer, Hebron, S. D.; Clarence Rowley, Ekalaka; Darrell Hoover, Glendive; Robert Hollaway, Johnson City, Tenn.; Robert Gosman, Lima; Edward Weber, Butte; Ray Olson, Missoula; and Charles Butler, Livingston.

Senator Vandenberg Dies After Two-Year Illness

Grand Rapids, Mich., April 18.—(U)—Veteran Republican Senator Arthur Vandenberg is dead at the age of 67.

The GOP foreign policy leader, who championed international cooperation for world peace, died in his sleep shortly after 9 o'clock EST this evening. Vandenberg succumbed to an aggravated lung and spine condition that had kept him away

from his desk in Washington almost continually for nearly two years. His strength was sapped by a series of operations that began in the fall of 1949. Vandenberg was at his home in Grand Rapids when he died.

The death of Senator Vandenberg marks the final passing of an era of almost unprecedented unity in American foreign policy. More than any single legislator, the Michigan Republican was the symbol of what he called "unpartisanship" in conducting foreign affairs.

NO POLITICAL AMBITIONS, MacARTHUR ANNOUNCES

San Francisco, April 18.—(U)—General MacArthur announced today, "I do not intend to run for any political office."

He said he has no personal ambition other than to see the United States victorious. And he emphasized his position this way, "The only politics I have," he said, "is contained in a simple phrase known well by all of us—God Bless America."

LA PRENSA OFFICIALLY CLOSED BY PERON

New York, April 18.—(U)—The Peron government of Argentina has officially taken over the world's largest Spanish language newspaper and the government's chief critic, La Prensa. A law expropriating the independent paper became effective today.

Drama Department Asks CB for Additional Money

A drama department request for \$385 to restore this year's budget to the \$1,822.50 that was planned on last spring met with a rather chilly reception in Central board yesterday.

Action was deferred until next week.

ASMSU Business Mgr. Jim Murphy, who introduced the resolution, explained that the \$200 this year even if the \$385 is restored. The expected income from several functions was not realized this year, he said, and the group has spent \$1,464 on three productions.

Senior delegate Shirley McKown asked whether the department had really tried to keep within its budget, and said that equipment bought last fall to beat the rise in prices should be subtracted from next year's budget, rather than counted in with this year's.

Delegate Ev Chaffin spoke out against raiding the reserve funds

to pay for operating expenditures. "We've been using the emergency we're in now—the Korean war—as an excuse for dipping into the reserves," he said. "It looks as if the emergency is going to be a continuing one. With the present activity fee, everybody's going to have to cut down on his budget."

Anderson reported that Joan Long, staff associate of the National Student association, will be present at a cafeteria lunch in the Bitterroot room tomorrow noon to discuss the organization with Central board members. He said that any student

could attend, and urged those interested in a possible ASMSU affiliation with NSA to be present.

The board agreed with Sophomore Delegate Bill McMaster's request that the presentation of activity cards be made mandatory in the Aber day primaries.

Murphy reported that itemized accounts for expenses incurred by the Louis Armstrong promoters had been submitted and approved. Hal Anderson and Prescott Towle each received \$22, he said, while Ray Hoffman was paid \$16. Most of the money went for automobile mileage costs in Hoffman's and Towle's cases, while Anderson's expenses consisted largely of long-distance telephone charges and telegram costs.

ASMSU wasn't asked to pay for drinks bought in downtown bars for prospective customers, Murphy said.

Council Votes Out Convo, Ball

Interfraternity council voted last night to kill the Interfraternity convocation and ball this year.

The Greek assembly decided that, because of a heavy load of sports schedules, they would not be able to carry the convocation or ball.

The council also discussed the acceptance of foreign students in the fraternity houses and problems that may have to be faced next year.

Biggerstaff Elected Group Chairman

Dick Biggerstaff, Lewistown, was elected chairman of the honor system group at the Tuesday meeting. The group met to continue the quarter's work on a feasible plan for an honor system at MSU.

Activity Fee Increase---A Must!

Present Budget—Without Fee Raise

Activity	Present Per Cent	50-51 Budget	Application of Present Percentages	Budget Request	Increase Needed
Athletics	48.5	\$29,463	\$19,642	\$20,013	\$ 370
Kaimin	5.8	3,523	2,349	6,172	3,823
Sentinel	15.0	9,112	6,075	6,650	575
Mountaineer	1.0	607	405	405	—
Band	1.5	911	607	710	102
Debate	2.4	1,458	972	1,600	628
Dramatics	3.0	1,822	1,215	1,215	—
Outside Ent.	4.8	2,916	1,944	3,205	1,261
AWS	1.3	789	526	642	116
Women's Athletics	1.3	789	526	700	173
Men's I-M	1.7	1,032	688	1,055	367
Pub. Travel	2.2	1,336	891	891	—
Reserve for Cap. Exp.	1.9	1,154	769	769	—
Gen. Fund	5.0	3,037	2,025	2,500	475
Acct. Office	4.6	2,794	1,863	4,089	2,226
Totals	100.0	\$60,743	\$40,497	\$50,616	\$10,119

What No Raise Would Mean . . .

Athletics. Necessitate figuring budget with two intangibles, the take from the U. of Washington game and gifts.

Kaimin. Without increase, newspaper would probably drop to two issues a week and drop UP wire service.

Sentinel. A smaller book of inferior quality, if anyone would take the contract. Similar to high school annuals.

Mountaineer. Probable issuance once a year, if at all.

Band. Probably no Butte trip, no uniform alterations, no purchases of equipment or instruments.

Debate. Eliminate participation on a national as well as PCC level. Reduction to tri-state competition with no opportunity to capture Northwest district tourney or compete in national finals.

Drama. Fall in level of production. Inferior settings. "Would not be the kind of season a university theater should present."—Hinze.

Outside Entertainment. Would not be able to contract next year for community concert.

AWS. Probably couldn't publish handbook or carry or regular orientation program. Very little or no travel.

Women's Athletics. No Sentinel pics. Curtailed awards, supplies, equipment, inter-school meets, playday.

Men's Intramurals. No volleyball officiating, curtailed basketball, track, softball officiating to one man per game. No winner's trophies or managerial awards.

Publicity Travel Fund. Would cut deeply into funds which partially support band, Jubilee trips.

Reserve for Capital Expenditure. Too small to make any capital investment, even to small to make repairs on, for example, the tennis courts.

General Fund. Reduction to point below operating level. It is from this fund that Aber day, M books, etc. are paid.

Accounting Office. Can not operate for a sum less than that requested.

'Taint No More

Student government officials have for the past three years recognized the impossibility of trying to run a full-scale ASMSU program on the present student fee.

Twice during these three years, a referendum was presented to the students with the hope that a raise could be affected. Twice, the referendum was rejected. Fees were pegged at \$7.50 per quarter; prices kept right on rolling upward—and now enrollment figures are falling.

It is a financial impossibility to maintain the present program without an increase.

Central board is making an honest effort to understand WHY the appeal for a raise was rejected and to correct the errors made in the earlier attempt this year.

I do not believe the raise was voted down because the students felt a \$2.50 increase per quarter was unreasonable. That isn't the answer.

Rather, I believe the raise was defeated on two counts:

(1) Most students did not want to see athletics receive 48.5 per cent of the increase.

(2) The ballot was not presented in an impartial manner. Listed on the referendum ballot were Central board's reasons for believing a fee raise was desirable.

So what about the referendum that is to be presented to the students on Aber day? Have these counts been considered? The answer is a definite "Yes."

Budget and Finance committee and Jim Murphy, ASMSU business manager, have agreed that the **athletic percentage should be and will be cut if the raise is effected.** The percentage cut will be spread among the smaller activities to give them the necessary shot in the arm.

The ballot that is being presented is as legal, fair, and as just as is possible. Prof. Edwin Briggs of the law school, who sits on Central board as a faculty representative, has given it his stamp of approval.

In addition to the referendum, a 14-inch-long questionnaire ballot is being distributed to every voter so that he may have an opportunity to express his opinion on every question from the advisability of maintaining an athletic program to whether dramatics should be supported by the student fee. (See story below.)

In view of the careful attention that is being given the fee raise issue, the Kaimin staff wholeheartedly urges the student body to vote for the increased activity fee on Aber day.

—D.W.

Activity-Fee Poll Planned For Campus on Aber Day

Budget and Finance committee has decided to poll MSU's student body on the activity-fee split.

The questionnaire will be handed out along with the ballots on Aber day.

The following questions will be asked:

(1) Do you think that MSU should continue to have an athletic program such as is conducted in the Skyline Eight? If not, what do you suggest?

(2) In order to maintain the level of competition now available in this conference, which of the following proposals would you favor? (a) Charge students nominal admissions to athletic contests. (b) Increase the activity-fee percentage for athletics. (c) Eliminate as many activities or minor sports as is necessary, which might jeopardize our affiliation in the conference.

(3) Do you think that the Sentinel should continue to be supported by the activity fee; that is, free to those who pay the activity fee for three quarters?

(4) If you feel that ASMSU should continue to have a yearbook and do not feel that it should be supported by an activity fee, which of the following proposals would you favor? (a) Sell the book outright for \$6. (b) Assign part of the \$10 breakage fee paid in fall quarter to the Sentinel. (c) Support the yearbook partly by the activity fee and partly by charges to students.

(5) Do you think that dramatics

should continue to be supported by the activity fee? If not, what do you suggest?

(6) In order to maintain their present program, which of the following proposals would you suggest? (a) Charge admissions to students as well as townspeople. (b) Increase the present percentage to dramatics.

(7) If it becomes necessary to make adjustments in the student budget, which of the following activities do you feel should be eliminated or curtailed—athletics, Kaimin, Sentinel, Mountaineer, band, debate and oratory, dramatics, Associated Women Students, women's athletics, outside entertainment, men's intramurals, publicity travel fund, reserve for capital expenditures, general fund, or the accounting office?

If you don't claim too much intelligence, people will give you credit for more than you have.

The Montana KAIMIN

Established 1898

The name Kaimin (pronounced Ki-meen) is derived from the original Selish Indian word and means "some thing written" or a "message."

Published every Tuesday, Wednesday, Thursday, and Friday of the college year by the Associated Students of Montana State University. Represented for national advertising by National Advertising Service, New York, Chicago, Boston, Los Angeles, San Francisco. Entered as second-class matter at Missoula, Montana, under Act of Congress, March 3, 1879. Subscription rate \$2.50 per year.

Letters . . .

WHAT NEXT?

Dear and Most Honorable Editor:

Are you aware of the fine opportunity existing upon which to exercise your editorial talents?

All we need now are a few tepees scattered around the campus and perhaps a corral on the oval—if we're going to get rustic, let's do it up big!

Yours for reforestation,
Bob Jordan

APO Downs DSP In Protested Game

Alpha Phi Omega's hard-hitting softball squad belted their way to a 21 to 11 victory over Delta Sigma Phi yesterday on Forestry-nursery field No. 1.

The DSP's protested the game after it had been called at the end of five innings of play, because of the APO's 10-run lead, under the new intramural ruling.

APO's Bill Thomas, Bozeman, hit the game's only homerun. This game marked the first competition for both teams this season.

Running score:
 Delta Sigma Phi 1 23-32—11
 Alpha Phi Omega 0101-37—21

Batteries: DSP, Larson, Barsch, and Beatty. APO, Waltermire and Thomas.

Grizzlies Lose To Bonner; Lucas Stars

Baffled by Jim Lucas' fast-breaking curve, the Grizzly diamond-men were shut out Tuesday night, 5 to 0, by the Bonner Collegians. Whiffing thirteen, Lucas allowed only six widely scattered hits in the nine frames. Grizzly pitchers, Red Johnson, who pitched the first seven innings, was tagged for seven hits, and Arne Jacobson, who took the mound in the eighth, gave up two singles.

Jacobson, of New York, made his debut as a Grizzly hurler in this game.

Leading the Grizzly hitting were Don Olson, Butte, who tagged three hits for four times at bat, and Bob Byrne, Billings, who rattled the right field fence with a triple in the sixth. He got one hit for two appearances.

Sigma Nu Waxes South Hall Nine

The Sigma Nu softball nine began the season yesterday by belting the ball all over the Clover bowl and were aided by 15 South hall errors to romp to a 21 to 8 victory.

South hall proved a threat in the first four innings but then Ralph Ripke, Missoula, the Nu's pitcher, settled down, and his teammates continued to hit Wade Dahood, Anaconda, the South hall chucker.

The Sigma Nu's displayed a well balanced hitting attack and Ripke got stronger as he went along. Both teams were shaky afield.

Running score: R H E
 Sigma Nu 533-043-3—21 21 6
 South hall 323-000-0—8 7 15
 Batteries: Sigma Nu, Ripke and Abbott. South hall, Dahood and Kasparian.

Jurovich Decisive In Jumbo Hall Win

George Jurovich, Bridger, helped Jumbo hall to a 17 to 2 win over the Forestry club yesterday when he performed almost to perfection on the mound and at the plate.

Jurovich hit two home runs and one single in three times at bat to lead his team in the scoring column. He also pitched three-hit ball for the Eskimos.

The Foresters, short of hitting power, scored their brace of runs in the fourth after a hit and a Jumbo error.

Running score: R H E
 Foresters 000—20 2 3 3
 Jumbo hall 914—3x 17 16 1
 Batteries: Jumbo hall, Jurovich and Fecht. Forestry club, Leicht and E. Smith.

Pay your parking fines or you won't graduate. That was the word sent out to his students of Pres. John L. Knight of Baldwin-Wallace college. He made the warning in an effort to control the town's traffic problem.

Liberal Arts Leads Bowling By One Game

With one week left in the Faculty Bowling league Military Science is again within one game of the league-leading Liberal Arts team. Military Science took two games from Liberal Arts Tuesday.

Physical Education out-rolled Journalism three games and Botany-Chemistry won two from Business Administration.

Cellar-dwelling Humanities won two out of three from Administration.

Present standing:

	Won	Lost	Pct.
Liberal Arts	50	31	.617
Military Science	49	32	.605
Journalism	41	40	.506
Physical Education	39	42	.481
Administration	38	43	.469
Botany-Chemistry	37	44	.457
Business Adm.	36	45	.444
Humanities	34	47	.420

High team series:	
Business Administration	2,370
High team game:	
Business Administration	870
High individual series:	
Hertler (Phys. Ed.)	521
High individual game:	
Juday (Bot.-Chem.)	212

New Hall Nine Win in Softball

New hall handed Alpha Phi their first defeat in softball in two years Tuesday when they downed them 22 to 6 in the last game of the round robin schedule.

Helen Lewis, Boulder, with good fielding support from the other members of her team, turned in a good pitching job for the winners. Beryl Handford, Kalispell, caught. The losing battery was Maxine Hightower, Missoula, and Nona Paul, Bigfork.

Kappa Kappa Gamma romped over Kappa Alpha Theta 18 to 2 in the other game of the day.

The Kappas committed only one error.

Donna Bar, Colstrip, was the winning hurler. Mary Walsh, Anaconda, her catcher, hit the only homer of the day.

Gilbert, Larson Win Election at South Hall

Bill Gilbert, Billings, was elected president of South hall last night. John Larson, Conrad, got the vice-president's job, and Dick Fletcher, Billings, was elected secretary-treasurer. Conde Mackay, Anaconda, was re-elected as social chairman, and Al Geesey, Vansdale, Wash., was chosen athletic director. Tom Lindeman, Billings, was appointed as publicity agent.

LEGAL NOTICES

SUMMONS

The High Court for the Aber Sessions hereby commands, orders, and decrees that the following named persons, Miss Beverly Anderson and Mr. Cletus Smith appear before this tribunal in order that the court may bare their consciences and determine the infamy of their activities in the hamlet of Whitefish during vacation of Spring. (It is the suggestion of this court that you come prepared to confess and thus avoid embarrassing interrogation.)

SUMMONS

John Doe and Nancy Roe (to be later named):

You are further reminded to appear before High Court on Aber Day and to be prepared to answer to further evidence submitted to this court by the Forestry club concerning your activities at their annual ball. (It is the recommendation of this court that you thoroughly correlate the events of the evening in question before you appear before this court.)
